To Whom It May Concern:

Mr. LeTroy (Kevin) has been a patient at Dr. Ullett's office for several years. He has always been in good standing with our office.

July 2011 one of our patients accidently drove into our building causing structural damage. Tiburon Construction was awarded the job which was completed in very satisfactory, prompt, and professional manner.

We would not hesitate to recommend Kevin and the staff of Tiburon Construction.

Sincerely,

J. Bauder, CDA
