PMKevin:

Lisa and I just wanted to "Thank You" for the fantastic job you have done on our sun deck and stairs. Both Lisa and I are very satisfied with the job you have done and have recommended you to a number of people we know. I would like to note that our friends, relatives and neighbours have all told us about how impressed they are regarding the work you have done on our home. Many of them have asked me for you name and phone number because they have been impressed by your work and craftsmanship.

We just wanted to let you know that we will be definitely be contacting you in regards to any future construction project we have planned. Once again "Thanks Very Much " for your hard work " !

Chris / Lisa
